1. The following information replaces SF1449, Block 25:

ACCOUNTING AND APPROPRIATION DATA:

For Individual Orders:

The applicable accounting and appropriation data will be cited on individual delivery orders placed under this contract.

Guaranteed Minimum Amount:

Funds in the amount of \$25,000 are hereby incorporated into this contract to satisfy the minimum guaranteed amount the Government is required to order under this contract during the Three-Year Base Period. The following accounting data applies:

| ACRN | APPROPRIATION | SUBHEAD | OBJ. CLASS | BU CONTROL | SA | AAA | TT | PAA | COST CODE | AMOUNT |
|------|---------------|---------|------------|------------|----|--------|----|--------|--------------|-------------|
| AA | 97X4930 | NH3S | 000 | 77777 | 0 | 065236 | 2F | 000000 | B02RCN0143AN | |
| | | | | | | | | | | \$25,000.00 |

Note: Contractor is not authorized to invoice against the preceding accounting data. Funds are provided only as a placeholder for the minimum guaranteed amount. Once the minimum amount is procured through individual placement of delivery orders, the government's obligation to the contractor is satisfied. At that time, the government will deobligate the funds cited above.

2. The following information is hereby incorporated:

B1. INSPECTION AND ACCEPTANCE

a. FAR 52.209-4 - FIRST ARTICLE APPROVAL--GOVERNMENT TESTING (SEP 1989)

(a) The Contractor shall deliver * unit(s) of Lot/Item * within * calendar days from the date of this contract to the Government at the * for first article tests. The shipping documentation shall contain this contract number and the Lot/Item identification. The characteristics that the first article must meet and the testing requirements are specified elsewhere in this contract.

(b) Within 60 calendar days from the date of the contract, the Contracting Officer shall notify the Contractor, in writing, of the conditional approval, or disapproval of the first article. The notice of conditional approval or approval shall not relieve the Contractor from complying with all requirements of the specifications and all other terms and conditions of this contract. A notice of conditional approval shall state any further action required of the Contractor. A notice of disapproval shall cite reasons for the disapproval.

(c) If the first article is disapproved, the Contractor, upon Government request, shall submit an additional first article for testing. After each request, the Contractor shall make any necessary changes, modifications, or repairs to the first article or select another first article for testing. All costs related to these tests are to be borne by the Contractor, including any and all costs for additional tests following a disapproval. The Contractor shall furnish any additional first article to the Government under the terms and conditions and within the time specified by the Government. The Government shall act on this first article within the time limit specified in paragraph (b) of this clause. The Government reserves the right to require an equitable adjustment of the contract price for any extension of the delivery schedule or for any additional costs to the Government related to these tests.

(d) If the Contractor fails to deliver any first article on time, or the Contracting Officer disapproves any first article, the Contractor shall be deemed to have failed to make delivery within the meaning of the Default clause of this contract.

(e) Unless otherwise provided in the contract, the Contractor--

(1) May deliver the approved first article as a part of the contract quantity, provided it meets all contract requirements for acceptance and was not consumed or destroyed in testing; and

(2) Shall remove and dispose of any first article from the Government test facility at the Contractor's expense.

(f) If the Government does not act within the time specified in paragraph (b) or (c) of this clause, the Contracting Officer shall, upon timely written request from the Contractor, equitably adjust under the Changes clause of this contract the delivery or performance dates and/or the contract price, and any other contractual term affected by the delay.

(g) The Contractor is responsible for providing operating and maintenance instructions, spare parts support, and repair of the first article during any first article test.

(h) Before first article approval, the acquisition of materials or components for, or the commencement of production of, the balance of the contract quantity is at the sole risk of the Contractor. Before first article approval, the costs thereof shall not be allocable to this contract for (1) progress payments, or (2) termination settlements if the contract is terminated for the convenience of the Government.

(I) The Government may waive the requirement for first article approval test where supplies identical or similar to those called for in the schedule have been previously furnished by the Offeror/Contractor and have been accepted by the Government. The Offeror/Contractor may request a waiver.

*** Unless otherwise requested, Awardee's product sample submitted for technical acceptability evaluation will serve as its First Article. Testing of First Article shall be in accordance with the CAC Middleware and Reader Test Plan (see Attachment B) and as described in paragraph b below:**

b. Joint Interoperability Test Command (JITC) Testing Process

- (1) The Joint Interoperability Test Command (JITC) will test the CAC middleware at its Information Assurance (IA) Test and Evaluation Laboratory (IA T&E Lab) at Indian Head, Maryland in accordance with the Common Access Card Middleware Test Plan, Pub Nr: 4M01.001 dated December 2001 (see Attachment B). (Document can be view at <http://govauctions.procuri.com>).
- (2) Vendors are required to pay for this testing (see CLIN 0001AD). Vendor's submission of a product authorizes JITC to retain and further utilize vendor's product in the test bed for both regression and interoperability testing as long as the product versions are in either government or commercial inventory.
- (3) Vendors are required to pay \$20,000.00 directly to JITC for the initial testing of the First Article and \$10,000.00 for any subsequent retesting which may be required due to disapproval of First Article (FA), as stated in the preceding FAR 52.209-4 clause.
- (4) The process for JITC testing is as follows:
 - (a) Subsequent to contract award, a JITC representative will contact awardees to establish funding.
 - (b) Awardees shall provide JITC technical support as required to ensure the product is operational in the JITC labs.
 - (c) JITC will conduct the testing and issue the final test results to the contracting officer within 50 days from date of contract.
 - (d) Within 60 days from the date of the contract, the contracting officer will notify the contractor, in writing, of the approval, conditional approval, or disapproval of the first article as outlined in the CAC Middleware Test Plan.
 - (e) In the event that a vendor's middleware product is not approved, retesting may be authorized by the contracting officer for a period not-to-exceed 180 days from the date of contract, subsequent to a retesting fee of \$10,000.00 per test payable by the contractor.
 - (f) Failure to obtain a government first article approval within 180 days, from date of contract, shall be deemed to have failed to make delivery within the meaning of the Default clause of this contract.

B2. ORDERING**a. SCOPE**

The scope of this effort is worldwide. This Indefinite Delivery Type Contract (IDTC) is available for ordering by all of DOD. There is not a centralized ordering activity, orders may be placed by any warranted Contracting Officer (or authorized Ordering Officer) via Electronic Data Interchange (EDI), credit card, facsimile, or paper. Delivery requirements will be stipulated on Delivery Orders, either a Standard Form (SF) 1449 or Department of Defense (DD) Form 1155, which is prepared by the Government Ordering Officer (a duly warranted Contracting Officer, within the limits of assigned authority) in accordance with the terms and conditions of this contract.

It is the intention of the Government to use existing and future capability of the DOD Standard Procurement System, Electronic Data Interchange (EDI) capability, Government procurement card, and vendor electronic ordering capability to create a paperless ordering, invoicing and payment process. During the term of the contract, the Contractor shall participate to achieve this objective.

b. FAR 52.216-18 Ordering (Oct 1995)

- (1) Any supplies and services to be furnished under this contract shall be ordered by issuance of Delivery Orders or Task Orders by the individuals or activities designated in the Schedule. **Such orders may ONLY be issued after contractor has received government approval of FA and only for a period of three years from date of award.**
- (2) All Delivery Orders or Task Orders are subject to the terms and conditions of this Contract. In the event of conflict between a Delivery Order or Task Order and this contract, the Contract shall control.
- (3) If mailed, a Delivery Order or Task Order is considered "issued" when the Government deposits the Order in the mail. Orders may be issued orally, by facsimile, or by Electronic Commerce methods, only if authorized in the Schedule.

c. FAR 52.216-19 Ordering Limitations (Oct 1995)

(1) MINIMUM ORDER.

When the Government requires supplies or services covered by this contract in an amount that is less than \$100.00, the Government is not obligated to purchase, nor is the Contractor Obligated to furnish, those supplies or services under the contract.

(2) MAXIMUM ORDER.

The contractor is not obligated to honor:

- (a) Any order for a single item in excess of \$26,000,000.00;
- (b) Any order for a combination of items in excess of \$26,000,000.00; or
- (c) A series of orders from the same ordering office within thirty (30) days that together call for an amount exceeding the limitation in subparagraphs (a) and (b) of this section.

(3) If this is a Requirements Contract (i.e., includes FAR 52.216-21 Requirements), the Government is not required to order a part of any one requirement from the contractor if that requirement exceeds the maximum-order limitations in paragraph (2) above.

(4) Notwithstanding paragraphs (2) and (3) above, the contractor shall honor any order exceeding the maximum order limitations in paragraph (2), unless that order(s) is returned to the ordering office with 15 days after issuance, with the written notice stating the contractor's intent not to ship the item(s) called for and the reason(s). Upon receiving this notice, the Government may acquire the supplies or services from another source.

d. SUP 5252.216-9403 Written Orders (Indefinite Delivery Contracts) (Jan 1992)

Written orders (on DD Form 1155) will contain the following information consistent with the terms or the contract:

- (a) Date of order
- (b) Contract number and order number
- (c) Item number and description, quantity ordered, unit price and contract price
- (d) Delivery or performance date
- (e) Place of delivery or performing
- (f) Packaging, packing, and shipping instructions, if required
- (g) Accounting and appropriation data
- (h) Any other pertinent information

e. Users' Ordering Guide

The Contractor shall develop a Users' Ordering Guide in coordination with the Government that will be posted to the Contractor's web site. The Ordering Guide is required within 30 days of contract issuance and made available on the Contractor's home page. This guide shall be continuously updated as required. The guide shall contain all information necessary for geographically dispersed activities to place orders, including, as a minimum:

- a. Complete list of products available, with appropriate contract line item numbers (CLINs) and associated prices
- b. Government and Contractor Points of Contact
- c. Description of the ordering process
- d. Program Terms and Conditions
- e. License Terms and Conditions
- f. Information necessary to complete a DD350
- g. Range of discounts
- h. Links to DoD ESI and the Government web sites

f. E-Commerce Site

DOD Chief Information Officer (CIO) Guidance and Policy Memorandum No. 12-8430-July 26, 2000 – Acquiring Commercially Available Software, directs software buyers and requiring officials to check the DOD ESI website for DOD inventory or an Enterprise Software Agreement (ESA) before using another method of acquisition. The contract will be posted to the DOD ESI website as part of the ESI program.

The web site can be viewed at: <http://www.don-imit.navy.mil/esi/>

ITEC Direct is the Navy's World Wide Web accessible shopping and order processing tool and can be viewed at <http://www.itec-direct.navy.mil>. The following requirements apply to this contract:

- a. Any acquisition vehicle resulting from this solicitation may be placed in the Department of the Navy's (DON) ITEC Direct system as part of the DON Information Technology Electronic Commerce (ITEC) Direct Project. If placed in ITEC Direct, the contractor shall insure that the data and information obtained through ITEC Direct is current, accurate, complete, and relevant to the acquisition vehicle.
- b. The Contractor shall maintain a database of prices with the required and relevant information and links to technical specifications to be accessible by ITEC Direct in a distributed database environment. Awardees will be provided an excel spreadsheet format to be utilized for maintaining their database of prices.
- c. The Contractor shall maintain coordinated and integrated hypertext links to ITEC Direct from their World Wide Web site(s) to the ITEC Direct site and shall insure the integrity of any data and information posted on their web sites or in the ITEC Direct web site for their acquisition vehicle. This effort may require the Contractor to adapt their practices so that electronic commerce can be conducted through ITEC Direct to the vendor. The hyperlink to vendor's web site must accommodate email exchange via notification of orders pending in Itec-Direct.
- d. The Contractor is encouraged to provide EC/EDI capabilities and accept and respond to secure on-line orders and customer requests consistent with the terms of this acquisition vehicle.
- e. The Contractor is encouraged to adapt its business processes, at no additional cost to the government, as the DOD E-Mall and ITEC Direct technical requirements, environment and architecture evolve.

This contract may also be loaded into the electronic catalog systems of other DOD agencies.)

g. Suspension

There may be occasions where the Government may suspend ordering (by CLIN up to and including the entire contract.) If a suspension is announced, the Contractor shall adhere to this suspension by not accepting/processing delivery orders for the suspended item(s).

B3. AUTHORIZED USERS

The contract is open for ordering by all Department of Defense (DOD) Components. For purposes of this contract, a DOD component is defined as: all DOD Components and their employees, including Reserve Component (Guard and Reserve) and the U.S. Coast Guard; other Government employees assigned to and working with DOD; non-appropriated funds instrumentalities such as NAFI employees; Intelligence Community (IC) covered organizations to include all DOD Intel System member organizations and employees, but not the CIA nor other IC employees unless they are assigned to and working with DOD organizations. Pursuant to Office of Management and Budget IT policy letter, M-97-07, dated 26 February 1997 and consistent with the Economy Act, any DOD agency or military activity accepting this ordering authorization shall, by issuing a DD Form 1155 or SF 1449 (delivery order) hereunder, be deemed to have placed a dual purpose order, which shall not only order the middleware items under this IDIQ contract, but shall also serve as a "direct cite" economy act order (i.e., the requesting agency's funds are cited). A duplicate copy of said DD Form 1155 or SF 1449 must be sent to the NAVICP before or contemporaneous with its submission to the NAVICP IDIQ contractor and receipt of this duplicate copy constitutes the NAVICP's acceptance of the Economy Act order. (Upon acceptance of the Economy Act order, it is fulfilled by the NAVICP through the simultaneous placement of a delivery order under the NAVICP IDIQ contract by a NAVICP ordering officer, albeit not one on the NAVICP payroll.

B4. INDEFINITE QUANTITY TYPE CONTRACT**a. FAR 52.216-22 Indefinite Quantity (OCT 1995)**

(1) This is an **INDEFINITE-QUANTITY CONTRACT** for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by this contract.

(2) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. The Contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the "**maximum**." The Government shall order at least the quantity of supplies or services designated in the Schedule as the "**minimum**."

(3) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(4) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after the date of the last order placed during the effective period of the contract.

*** As referred to in Paragraph (2) of the Indefinite Quantity clause shown above, the minimum amount the Government is required to order under this contract is \$25,000.00 during the Three-Year Base Period. The maximum amount is \$26,000,000.00 during the Three-Year Base Period.**

Important Notes:

(1) The **Base-Performance** Quantities, stated in Part I "Schedule of Supplies", are the Government's **Best Estimates**. The amounts which the contractor may be required to furnish and the Government to accept hereunder shall be amounts, which shall from time to time be ordered by the Government during the Ordering Period of the contract. The Government estimates, but does not guarantee, that the volume of purchases through this contract will be \$26M.

(2) The government's total requirement is included in the quantities specified in the schedule. **When cumulative sales under all resulting contracts reach the specified maximum amount of \$26M, the individual contract ceiling will be considered exhausted and ordering under all contracts will cease.**

(3) Awardee's shall submit monthly reports of sales to the contracting officer as described in Paragraph b (Report of Sales) found in Section B10 (Management and Oversight). The contracting officer will monitor the cumulative sales under all resulting contracts to determine when the specified maximum amount has been reached.

b. Task and Delivery Order Ombudsman

The task order contract and delivery order contract ombudsman responsible for reviewing complaints from contractors on task order contracts and delivery order contracts is the ordering Command's Cognizant Competition Advocate.

B5. DELIVERIES or PERFORMANCE**a. CLAUSES INCORPORATION BY REFERENCE (F.O.B. DESTINATION)**

This contract incorporates the following clauses by reference, with the same force and effect as if they were given in full text. Upon request, the contracting officer will make their full text available.

| <u>Clause Number</u> | <u>Clause Title</u> |
|----------------------|--|
| FAR 52.211-17 | Delivery of Excess Quantities of \$250 or less |
| FAR 52.242-15 | Stop Work Order |
| FAR 52.247-34 | F.o.b. Destination |

| <u>Clause Date</u> |
|--------------------|
| SEP 1989 |
| AUG 1989 |
| NOV 1991 |

b. Delivery Schedule

Upon authorization that ordering may begin, the Contractor shall deliver all products within 30 days of receipt of order. More expedient delivery terms are acceptable and encouraged.

d. Delivery Notice

Unless otherwise agreed to, deliveries ordered under this contract must be accompanied by a delivery notice, ticket or sales slip that must contain at a minimum the following information:

- a. Name of Contractor
- b. Contract Number
- c. Product Description/Model numbers
- d. Delivery order number
- e. Date of purchase
- f. Quantity, unit price and extension of each item (unit prices need not be shown when incompatible with the use of automated systems; provided that the invoice is itemized to show the information)
- g. Date of shipment

B6. Fees and Payments

a. Acquisition, Contracting, and Technical (ACT) Fee. The cost of awarding, administering and managing this Contract is included in the prices charged to ordering activities. The ACT fee is 2%. Remittance of the ACT fee shall be made on a calendar quarterly basis (i.e. January – March, April – June, July – September, and October – December) or as otherwise requested by the Software Product Manager (SPM) and is due thirty (30) days following the completion of the reporting period. Negative reports are required. ACT fees that have not been paid within the prescribed thirty (30) days shall be considered a debt to the United States Government under the terms of FAR 32.6. The Government may exercise all its rights under the contract, including withholding or setting off payments and interest on the debt (see FAR 52.232-17, Interest). Failure of the Contractor to pay the ACT Fee in a timely manner may result in termination of the Contract.

b. Fee Distribution. The Navy and Air Force are participating in a fee-sharing program. The contractor shall collect the 2% ACT fee and distribute in accordance with the following procedures. Fee sharing shall be determined by the End User Agency or Service identified in the monthly Report of Sales. This field shall be notated DON, DOA, DOAF or DOD as appropriate. Do not issue fee checks until written approval is received for the Report of Sales.

ALL SALES:

The 2% ACT fee is split equally between the DoD Component whose customer places the order and the DoD Component that manages the ESI agreement. In other words, any Air Force order against an ESI agreement managed by the Navy results in a 1% portion of the 2% fee being returned to the Air Force acquisition organization (listed under Air Force Sales). The Navy will retain the entire 2% fee under orders issued for Navy activities or those activities that do not collect a fee under the ESI agreements managed by the Navy. The contractor is responsible for distributing the ACT fee to all applicable Services in accordance with the instructions herein. The amount of ACT Fee due the Financial Management Office (FMO) shall be calculated at 1% for Air Force sales and 2% for all other sales.

Remit ACT Fee to the Financial Management Office (FMO) by corporate or cashier's check made payable to "Treasurer of the United States".

Checks must include the following information to ensure proper crediting of the payment:

FEE SHARING SUMMARY

| | Navy & DoD Remit to: FMO (SPAWAR) | Air Force Remit to: DFAS Pensacola (DFAS OPLOC/PE) | Total ACT Fee |
|---|---|--|----------------------|
| Fee Applicable to: Navy, & Other DoD Sales (DON, DOA, DoD) | 2% | 0% | = 2% |
| Fee Applicable to: Air Force Sales (DAF) | 1% | 1% | = 1% |

NOTE: There is a potential change to the disbursement of the ACT fee that will add an additional service or services to the existing fee sharing participants. While the basic procedures will remain unchanged, contractors will be required to remit a portion of the ACT fee to any additional participants in the program that may be named in subsequent modifications to the Contract.

B7. License Documentation. Software licenses are perpetual. End users must comply with the terms and conditions of the End User License Agreement (EULA), as set forth in Attachment D, for the applicable product that accompanies each shipment of software. The Contractor shall provide a license certificate to the end user specified in each delivery order.

B8. Support and Maintenance.

a. Standard Support. Standard Installation Support and Supporting Documentation shall be included with the purchase of new license for a period of one year from the purchase date of the middleware product. Patches and fixes shall be provided to the government at no additional cost for the useful life of the middleware product purchased. At a minimum, awardees shall maintain a website for download of patches and installation instructions for patches.

General Services: Datakey provides 24-hour access to their Website Knowledge Base and FAQ page, free of charge, which will provide solutions to most common problems. Customers can access this website by logging into <http://www.datakey.com/Support>.

Standard Installation Support: The Datakey Installation Program provides 8-hour x 5-day telephone support (8:00 a.m. – 5:00 p.m. CST) during the initial installation of the Software. Non-emergency support calls received outside the normal business hours will be processed during the next business day. The technical support number is (952) 890-6850.

Standard Supporting Documentation: Included with the Datakey CAC Middleware is an electronic user guide. The user guide documents installation, configuration and use of the Middleware including standard interfaces.

b. Maintenance. Maintenance shall include upgrades and updates as commercially offered. At a minimum, awardees shall maintain a website for download of patches and installation instructions for patches and notification of offered upgrades. One year of maintenance shall be included with the purchase of new middleware license.

The Datakey Annual Support Program (Maintenance) includes product revisions and new releases plus 8-hour x 5-day telephone support (8:00 a.m. – 5:00 p.m. Central Time). The revisions will be made available electronically over the Internet for retrieval by customers that have a current maintenance contract or that are under warranty. Software revisions will include bug fixes and enhancements to the existing release of the program. New program releases represent a complete new version of the software and/or hardware. The technical support number is (952) 890-6850.

c. Out-Year Maintenance. Includes upgrades and updates as commercially offered for a 12-month period from date of purchase. At a minimum, awardees shall maintain a website for notification of upgrades and updates available for download.

Customers may purchase out-year maintenance at the price identified in Part I - "Schedule of Supplies" (See SUBCLIN 0001AC). The Datakey Annual Support Program (Maintenance) includes product revisions and new releases plus 8-hour x 5-day telephone support (8:00 a.m. – 5:00 p.m. Central Time). The revisions will be made available electronically over the Internet for retrieval by customers that have a current maintenance contract or that are under warranty. Software revisions will include bug fixes and enhancements to the existing release of the program. New program releases represent a complete new version of the software and/or hardware. The technical support number is (952) 890-6850.

d. Answer to Reset (ATR) Discovery and Handling.

In accordance with Section 3.4 of Attachment A to the RFP, CAC Release 1.0 Middleware Requirements Specification, when new card types and manufacturers are implemented by the DOD, middleware products must accommodate updates to the CAC's Answer to Reset (ATR) commands as well as any card specific interfaces for middleware operation. It is expected that, as new CAC card versions (change in microprocessor) are certified and approved, middleware products must be capable of seamlessly incorporating new ATRs and card specific attributes in a timely manner. Vendors must minimally provide a website download distribution mechanism available to DOD customers (at no additional charge) to maintain the operation of CAC cards regardless of card vendor or model. Additional mechanisms beyond the web site download are encouraged. Middleware providers will be informed of new CAC card versions (change in microprocessor) a minimum of four (4) months prior to fielding. Vendors are expected to integrate the new card version at no cost to the government and provide it via a patch for their middleware product 30 days prior to the fielding date. The government (JITC) will test all products to insure compliance at no cost to vendors. Any discrepancies will be forwarded to vendors for resolution. Patches required by the purchased version of software are expected to have new CAC card versions (change in microprocessor) integrated at no cost to the government for the useful life of the middleware product purchased. Customers desiring email notification of patch availability must include the appropriate email address in the order.

B9. STANDARDS.

a. Year 2000 Compliance.

All products provided under this contract must be Y2k compliant as defined in FAR 39.002.

b. JTA COMPLIANCE. All products offered shall comply with the appropriate publicly available standards (PAS) (i.e., TIA, EIA, ANSI, IEEE, ISO) and the applicable DOD Information Technology Standards contained in the Joint Technical

Architecture (JTA). At a minimum, all deliverables must be level 5 Defense Information Infrastructure Common Operating Environment (DIICOE) compliant as defined in the Integration and Runtime Specification (I&RTS), Appendix B: Compliance Checklists. More information on DOD Standards can be found at: [HTTP://WWW.ITSI.DISA.MIL](http://www.itsi.disa.mil)

c. Section 508 Compliance. Orders issued under this contract must consider the requirements of FAR 39.2 which implements section 508 of the Rehabilitation Act of 1973 (29 U.S.C. 794d), and the Architectural and Transportation Barriers Compliance Board Electronic and Information Technology (EIT) Accessibility Standards (36 CFR part 1194). Information on product accessibility can be found at:

B10. MANAGEMENT AND OVERSIGHT

a. Contractor Administration

The Contractor must provide centralized administration, in the form of a Program Manager, in support of all work performed under this contract. Functions would include customer service, periodic program management reviews, invoicing, payment and submission of monthly and quarterly reports. The Contractor shall ensure that all sales personnel are aware of the Enterprise Software Initiative Program and enforce the policy that this Indefinite Quantity Type Contract (IQTC) is the preferred DOD procurement vehicle for the products within.

b. Report of Sales

A Report of Sales as described herein shall accompany the remittance of the ACT Fees to enable verification of the fee amounts rendered. Submission of the Report of Sales shall be made on a monthly basis or as otherwise requested by the PMO. In addition to the regular monthly submissions, a Quarterly Report of Sales shall also accompany the ACT Fee payment. The Quarterly Report of Sales shall be submitted to the FMO, PMO, PCO and fee-sharing services points of contact in electronic format within fifteen (15) days following the completion of the monthly reporting period. The Reports of Sales shall contain, but are not limited to, the following data: a list of orders by Ordering Activity; CLIN's ordered; CLIN prices; value of orders; status of orders; and cumulative sales data for the month, quarter, year, and Contract to date. **The report shall be submitted in the standard format shown in Attachment C.**

c. Records

The Contractor shall maintain archival copies of all orders for the life of the contract. Copies shall be made available to the Government upon request.

d. Program Management Reviews (PMR)

The Contractor shall participate in regular reviews of the progress of the contract. Reviews shall be held at least twice yearly as scheduled by the Program Management Office. During these reviews the Contractor shall report on among other things, status of contract sales, marketing and any outstanding issues concerning the contract. PMR agenda and presentation format shall be provided prior to each PMR. The contractor will cover travel expenses.

b. Marketing

The Contractor shall dedicate reasonable resources to this effort and work to market and advertise this agreement. Desired actions include: advertising resultant contract on the contractor's Internet site and advertising the agreement at relevant trade shows, and news media geared to Government/DOD IT people.

B11. Technology Improvement.

a. NAVICPHA11 TECHNOLOGY IMPROVEMENTS (MARCH 2000)

After contract award, the Government may solicit, and the Contractor is encouraged to independently propose, technology improvements to the equipment, software specifications or other requirements of the contract, which take advantage of advances in the equipment technology. These improvements will allow the Government to modify this contract to incorporate such changes, which will take advantage of industry improvements and incorporate advances to take advantage of state of the art improvements to the equipment. Incorporation of proposed changes shall not require more than minor changes to existing applications but will include changes and additions that satisfy existing fleet and shore needs; such changes shall be within the scope of the original application.

As part of the proposed changes, the Contractor shall submit a price proposal to the Contracting Officer for evaluation. The proposed technology improvements that are acceptable to the Government will be processed as modifications to the contract.

At a minimum, the following information shall be submitted by the Contractor with each proposal:

1. A description of the differences between the existing contract requirements and the proposed change, and the comparative advantages and disadvantages of each;
2. Itemized requirements of the contract, which must be changed if the proposal is adopted, and the proposed revision to the contract for such changes;
3. An estimate of the performance and cost changes, if any that will result from the adoption of the proposal;
4. An evaluation of the effects of the proposed changes would have on collateral costs to the Government, such as Government-furnished property costs, costs of related items and costs of maintenance, operation and conversion;
5. Identification of any effect on the contract completion time or delivery schedule.

The Government reserves the right to require a return of selected portions of a live test demonstration to verify the proposed equipment's performance, at no additional charge to the Government.

The Government will not be liable for proposal preparation costs or any delay in acting upon any proposal submitted pursuant to this clause. The Contractor has the right to withdraw, in whole or in part, any proposal not accepted by the Government within the period specified in the proposal. The decision of the Contracting Officer as to the acceptance of any such proposal under this contract is final.

The Contracting Officer may accept any proposal submitted pursuant to this clause by giving the Contractor written notice thereof. This written notice will be given by issuance of a modification to this contract. Until a modification is executed to incorporate a proposal under this contract, the Contractor shall remain obligated to perform in accordance with the requirements, terms and conditions of the existing contract.

If a proposal submitted pursuant to this clause is accepted and applied to this contract, an equitable adjustment (if any) to the contract price shall be in accordance with the procedures of the "Changes" clause. The resulting contract modification will state that it is made pursuant to the Technology Improvement Clause. Maintenance, technical support, documentation, training and all other aspects of hardware and software support shall be fully commensurate with existing technical supports for hardware and software.

b. Substitution and Technology Refreshment.

If at any time during the performance period of the contract resulting from this RFP, the original manufacturer of the equipment (includes software, hardware and firmware) schedules the products for discontinuation, improvement and/or replacement, the contractor shall provide a proposal to include the new or revised products on the contract under the appropriate line items. Proposed prices for new or revised products shall be discounted at the same or greater discount level as the original contract product prices. Proposals shall be submitted to the Contracting Officer within seven (7) days of the contractor's awareness of the OEM's intent. Improvement of product includes new releases, updates, upgrades including additional features and functionality, and successor or upgrade products.

c. Technical Refreshment Approval Process for Alternate Platforms.

Since there is an array of different DOD-approved workstation operating systems, awardees are encouraged to develop and submit for inclusion, during the performance period of this contract, technology refreshments for new platforms supporting any of the operating environments identified in the CAC Release 1.0 Middleware Requirements Specification. All development and testing cost shall be borne at the expense of the contractor. Each newly developed software package shall meet all the requirements outlined in the CAC Release 1.0 Middleware Requirements Specification. Prior to the submission of a technology refreshment of a new middleware platform, contractor shall contact Mr. Kevin Holmes at the Joint Interoperability Test Command (JITC), (301) 744-2763, Email holmesk@ncr.disa.mil to schedule independent product compatibility testing in accordance with the CAC Middleware and Reader Test Plan. Upon JITC approval of product testing, contractor may submit a price proposal to the contracting officer for a technology refreshment of the newly approved platform of middleware.

(d) Comptroller General Examination of Record.

The Contractor shall comply with the provisions of this paragraph (d) if this contract was awarded using other than sealed bid, is in excess of the simplified acquisition threshold, and does not contain the clause at 52.215-2, Audit and Records--Negotiation.

(1) The Comptroller General of the United States, or an authorized representative of the Comptroller General, shall have access to and right to examine any of the Contractor's directly pertinent records involving transactions related to this contract.

(2) The Contractor shall make available at its offices at all reasonable times the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR Subpart 4.7, Contractor Records Retention, of the other clauses of this contract. If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 3 years after any resulting final termination settlement. Records relating to appeals under the disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally resolved.

(3) As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(e) Notwithstanding the requirements of the clauses in paragraphs (a), (b), (c) or (d) of this clause, the Contractor is not required to include any FAR clause, other than those listed below (and as may be required by an addenda to this paragraph to establish the reasonableness of prices under Part 15), in a **subcontract for commercial items or commercial components--**
